PRINCIPAL'S MESSAGE

Dear Students,

Every child regardless of background has the right to a good education, and it is our purpose to help unlock the potential within each one of you.

School is more than a place to gain knowledge; it's where character, discipline, and values are built, and these will carry you far beyond the classroom. We believe that better education leads to a better life, and we are committed to helping you grow into confident, capable individuals ready to face the world ahead.

Be punctual, be respectful, and take responsibility for your actions each day. Speak kindly, act with honesty, and give your best — in your studies and in how you treat others. Remember, true success is measured not just in marks, but in good character and a positive attitude.

Take pride in your school. Respect your teachers and classmates, and follow the rules not because you must, but because you understand why they matter. Together, let's build a school that is safe, welcoming, and inspiring for everyone.

I look forward to seeing each of you grow academically, and as individuals your families can be proud of.

With best wishes,

Principal

TEACHER'S MESSAGE

Dear Students,

As your teachers, it's our joy to walk alongside you this year through every lesson learned, every question asked, and every bit of progress made, big or small.

Stay curious. Ask questions freely, and don't be afraid to make mistakes that's often where the real learning happens. Work hard, but also be kind: to your classmates, your teachers, and yourself.

We'll be here to guide you when you're unsure, encourage you when you doubt yourself, and celebrate with you when you succeed. Believe in your own potential; we already do.

**With love and best wishes,
Your Teachers**

Students are encouraged to practice honesty, respect, kindness, responsibility, self-discipline and empathy in their daily lives. Through meaningful discussions, stories and activities, children learn to overcome negative emotions and develop positive values that guide them throughout life.

age. Learning includes computer fundamentals, digital awareness, responsible technology use and age-appropriate technology applications.

REMEDIAL & ENRICHMENT PROGRAMMES

At Neo Rosary, we believe that every child learns at a different pace. Our Neo Excellence Programme provides individualized support, targeted remedial instruction, and enrichment opportunities based on each child's learning needs. The school has been successfully implementing a Foundational Literacy and Numeracy (FLN) Programme for the past five years, strengthening students' reading, writing, language, and mathematical skills through continuous assessment and personalized learning. This structured approach helps every child build confidence, achieve academic success, and reach their full potential.

ACTIVITY-BASED LEARNING

Learning is made enjoyable and meaningful through hands-on activities, projects, experiments, educational games, group work and experiential learning experiences that promote active participation and deeper understanding.

READING CULTURE

The school encourages reading habits through classroom reading corners, story sessions, library resources and guided reading activities. Students are motivated to develop a lifelong love for books and learning.

SCIENCE, INNOVATION & DISCOVERY

Students are encouraged to explore scientific concepts through practical activities, projects, exhibitions, and inquiry-based learning. The school fosters scientific temper, creativity, and innovation by providing opportunities to participate in science fairs and exhibitions at various levels. Our

These experiences nurture curiosity, observation, critical thinking, problem-solving skills, and a lifelong passion for scientific discovery.
